It seems that J. M. Morrison of the Cape tried to horsewhip C. D. We know nothing of the cause of the trouble, but we do know that self preservation is the first law of nature, and we do not believe it is necessary for editors to take frequent horsewhippings. We are sure we could not feel willing to be imposed on that way. If we could get out of it no other way we might do like the Progress man—cut out.

We note in the A. O. W. Overseer that T. G. Rechen and Grand Master Henry L. Yost are each trying to persuade the members of the order over 55 years of age to voluntarily pay 65 cents on \$1,000 or \$1.30 on \$2,000 as a guarantee fund in order that they might help out their younger brothers to pay the deficit in the beneficiary fund. These brethren opposed the supreme lodge plan, which in the judgment of 178 to 171 grand lodge delegates was the only salvation of the order to put it on a solid foundation. It is our opinion that volunteer contribution will come in slow. We think the best these brethren can do is to persuade a sufficient number of those 171 negative voters to favor the supreme lodge plan, then have two-thirds of the lodge ask for a special grand lodge session and adopt the supreme lodge plan.

Consumption

The only kind of consumption to fear is "neglected consumption."

People are learning that consumption is a curable disease. It is neglected consumption that is so often incurable.

At the faintest suspicion of consumption get a bottle of Scott's Emulsion and begin regular doses.

The use of Scott's Emulsion at once, has, in thousands of cases, turned the balance in favor of health.

Neglected consumption does not exist where Scott's Emulsion is.

Prompt use of Scott's Emulsion checks the disease while it can be checked.

HEALTH

"I don't think we could keep house without Thedford's Black-Draught. We have used it in the family for over two years with the best of results. I have not had a doctor in the house for that length of time. It is a doctor in itself and always ready to make a person well and happy."—JAMES HALL, Jacksonville, Ill.

Because this great medicine relieves stomach pains, frees the constipated bowels and invigorates the torpid liver and weakened kidneys

No Doctor

is necessary in the home where Thedford's Black-Draught is kept. Families living in the country, miles from any physician, have been kept in health for years with this medicine as their only doctor. Thedford's Black-Draught cures biliousness, dyspepsia, colds, chills and fever, bad blood, headaches, diarrhoea, constipation, colic and almost every other ailment because the stomach, bowels, liver and kidneys so nearly control the health.
